PRO BONO PUBLICO

PREFACE

In submitting Volume I of the Camden City Directory, it is gratifying to note the progress that is being made in industries and growth of population.

A great factor in the upbuilding of any city is its civic pride; the fact that your citizens stands as a unit on everything that affects the prosperity of your city is worthy of commendation.

The City Directory is one of the foremost enterprises of any city; it is generally referred to by the press of the whole country as a semi-public institution of great value.

The Directory is more than a mere list of name of residents giving their various occupations and addresses, it is an infallable guide to your city, for your people and for the stranger within your gates. It not only deals with your people, but with your government, your institutions and various other organizations. It is a recognized standard work of reference and becomes the most reliable history of your city and its citizens. As there is no other publication in the world which gives the information as contained in the City Directory, there is probably no other publication in which all the people are so vitally interested.

To gather the data and compile a volume of this character is no easy task. It requires much time, a well defined system, the patience of Job and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generaly the fault of the public and not of the publishers, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intentions of the reliable publisher are always for improvement, and you can always count on getting as accurate a directory as circumstances will permit.

The estimate of the population of a city is a matter necessarily enjoined upon the directory publishers; such estimates, however, are not merely theoretical, but based on facts, sustained by the contents of the publication.

This volume contains 2074 names of individuals; using the conservative multiple 2½ times, to represent the names of married women and children not counted, indicates a population of

5,285

This does not mean simply population inside the city limits, but takes in consideration all suburbs included in the Directory.

In concluding, we desire to thank our patrons for their support and to extend our thanks to the public in general for the courteous way in which everyone supplied our canvassers with the desired data. We shall continue this publication from time to time as demand arises.

Yours truly,

ERNEST H. MILLER, Mngr.

Miscellaneous Information Concerning Postage Stamps, Postal Cards and Stamped Envelopes

All postage stamps issued by the United States since 1860 are good for postage.

Postage-due stamps are used by postmasters to witness the collection of postage on short-paid matter. These stamps are not good for prepayment of postage and are not sold to the public.

Internal-revenue stamps are neither good for postage nor redeemable by the Post-Office Department.

United States postage stamps are good for postage in Guam, Hawaii, Porto Rico, and Tutuila, but not in the Philippine Islands or in the Panama "Canal Zone." Postage stamps overprinted "Philippines" or "Canal Zone, Panama," are not good for postage or redeemable in the United States.

Postage Stamps.—The Department issues postage stamps of the following denominations: 1, 2, 3, 4, 5, 6, 8, 10, 13, 15, and 50 cent, 1, 2, and 5 dollar, and 10-cent special delivery.

Postage stamps that are mutilated, or defaced in any way, can not be accepted for postage.

Stamps cut or otherwise severed from postal cards, embossed United States stamped envelopes, or newspaper wrappers are not redeemable or good for postage.

Postage stamps are neither redeemable from prchasers nor exchangeable for those of other denominations or any other stamped paper.

Postage stamps shold not be used for making remittances. They may be lost or may adhere in transit, and such use tends to disorganize the proper equalization of postmasters' compensation under the law. Ample registry and money order facilities are provided for the safe transimssion of funds by mail.

No postage-stamped paper is sold by the Department direct; it must be bought of postmasters.

Postal cards are furnished at the postage value represented by the stamp impressed thereon.

Single postal cards for domestic and foreign correspondence are furnished at 1 cent and 2 cents each, and double (reply) postal cards at 2 and 4 cents each, respectively.

Domestic single cards are furnished in sheets of 40 each, when so desired, for printing purposes.

United States stamped envelopes.—The Department issues thirteen different sizes of stamped envelopes, the smallest 2 7-8 by 5 1-4, the largest 4 3-8 by 10 1-8 inches, in three qualities and five colors of paper, as follows: First quality, white and amber; second quality, buff and blue; third quality, manila. The denominations are 1, 2, 4, and 5 cent. A diagram of sizes and schedule of prices may be consulted at any post-office.

Stamped newspaper wrappers are issued in 1-cent, 2-cent, and 4-cent denominations, and in three sizes.

Unused stamped envelopes and newspaper wrappers, when presented in a substantially whole condition, will be redeemed by postmasters at their face value either in postage stamps, stamped envelopes, or postal cards, but stamped envelopes bearing a printed return card will be redeemed only from original purchasers.

SPECIAL DELIVERY

A special-delivery stamp, in addition to the lawful postage, secures the immediate delivery of any piece of mail matter at any United States post-office within the letter-carrier limits of free-delivery offices and within a 1-mile limit of any other post-office.

Special delivery can be effected only by the use of the **special delivery** stamp.

Hours of delivery: From 7 a. m. to 11 p. m. at all free-delivery offices, and from 7 a. m., to 7 p. m. at all other offices, or until after the arrival of the last mail at night, provided that be not later than 9 p. m. Special-delivery mail must be delivered on Sundays as well as on other days, if post-office is open on Sundays.

If special-delivery matter fails of delivery because there is no person at the place of address to receive it, the matter is returned to the post-office and delivered in the ordinary mail.

Special-delivery matter may be forwarded, but is not entitled to special delivery at the second office of address unless forwarded on a general forwarding request before attempt at delivery has

DIRECTORY ADVERTISING ALWAYS PAYS

been made at the post-office of original address.

A special-delivery stamp does not give a piece of mail matter any other security than that given to ordinary mail matter.

Rural letter carriers are required to deliver special-delivery mail to the residences of patrons of their routes if they live within 1 mile of the routes. Special-delivery matter addressed to patrons of rural free delivery who reside more than 1 mile from the routes will be placed in the box of the addressee in the same manner as ordinary mail.

REGISTRY SYSTEM

Valuable Matter Should Be Registered

REGISTRY FEE, 10 CENTS.

Registered mails reach every post-office in the world. The system insures safe transit and correct delivery.

In case of loss, the sender or owner of a registered article prepaid at the letter rate of postage, mailed at, and addressed to, a United States post-office, is indemnified for its value up to $50.00.

Valuable letters and parcels, and those which the sender wishes positively to know have been correctly delivered, should be registered.

The registry fee is 10 cents for each separate letter or parcel, in addition to the postage, both to be fully prepaid with postage stamps attached to the letter or parcel.

Any piece of mail matter may be registered at any post-office or station thereof, and by any rural free-delivery carriers. In residential districts of cities, letters and packages of first-class matter that are not cumbersome on account of size, shape, or weight can be registered by letter carriers at the house door as safely as if brought to the post-office.

In order to have a letter or parcel registered it is necessary merely to have it properly prepared, addressed, and stamped, and the name and address of the sender written or printed on it. It should be handed to the postmaster, clerk, or carrier, who will write out a registration receipt for the sender.

A PERSISTENT ADVERTISER

One of the most persistent advertisers in the history of success was Robinson Crusoe.

He believed in advertising.

He knew what he wanted—a ship.

And he put up an ad for one.

He flung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every seafaring man.

The circulation was small and there was no other medium, but Crusoe kept it there despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after another was flapped out—and in the end got what he wanted, was happy, and his name and fame have come down through the ages.

The present-day merchant is much better off than Crusoe.

He Has The City Directory through which he can reach all the people, some of whom want his goods. Your chances of success are thousands to his one, but your chances of failure are the same as his.

Suppose Robinson Crusoe had taken down that signal after, say a year, and declared, "Advertising doesn't pay," where would he and his story now be?

Put up your signal and keep it up. There will be a number of ships cruising around during the year, 1913, that will be glad to call and take you off the island of Dull Business.

Crusoe advertised under discouraging circumstances. You have got a sure thing—**The City Directory.**

Mr. Manufacturer, Merchant (Wholesale and Retail):

No other Publication in the world so thoroughly represents the commercial, social and private interests of your city as The City Directory. Representing, as it does, every private citizen from the hovel to the mansion; every commercial, social, religious and educational institution and all other data pertaining to your city, it is beyond question, the most accurate and complete index to the city and its various interests in existence.

The Directory is the dictionary to the city and the Piedmont Directory Co. intend that 1913 Directory shall be **The Unabridged Edition.** "The first aid to strangers and a standard remedy for homefolks," accurate, complete and up-to-date in every respect. Unusual prospects of profit (direct and indirect) and **Civic Pride** should influence every manufacturer and business man to have full representation in this Directory, and every well-governed home to have a copy of the latest Directory for the use and convenience of Strangers and visitors. **"Know thyself"** is sound medical advice; **Know Your City** is equally good business advice. Consult the Directory when you want to buy or sell and you will get the best of everything at the lowest price and help reduce the hight cost of living.

Mr. Manufacturer and Business Man—It's a fact that the Directory is your city's only standing representative to the world beyond your own gates and the only index to your city's growth and prosperity. Future Directories, by the exchange system now in general use, will be placed in the Directory Libraries of the **Principal Cities of The United States** for the use of all who wish to consult its pages. A well-patronized city directory indicates a good city to locate in.

Yours truly,

Ernest H. Miller, Pres. and Genl Mngr PIEDMONT DIRECTORY CO.
